17/ 2015 15th June 2016

• Chappy's movie night Fri 17th June

Hi Everyone,

**Rain, rain go away:** Unfortunately due to wet and rainy conditions our half sports day has been postponed to this Friday commencing at 12pm. If the weather is similar to today's then we will need to postpone the full day of sports events to next Monday the 20th of June commencing at 9am. Monday is our full day back up as we only have Tuesday next week free and possibly the last Friday, but this is not ideal. Please watch the weather first up in the morning and we'll be able to better predict whether it is safe to go ahead or not.

**Parent support on either Sports Day:** Each year Mr Paap and Mr McDowall request parent support in measuring and equipment collection such as the discus and shot puts. If you can assist in holding the tape, collecting equipment, marking or raking the sand pit please let the teacher at the specific event know. You are most welcome to move to each event with your child or children to watch them as you help. Also in previous years parents and family members have brought their own chairs and some shade or used our beautiful trees if it is sunny, so I encourage you to do the same again this year.

**National Consistent Collection of Data this week for students with disability:** Each year we have a mandatory student data collection (NCCD) involving school students with disability which helps teachers, principals and education authorities support the participation of students with disability in schooling on the same basis as students without disability. All Australian Governments have agreed to work together on the annual collection of data on school students with disability. Please be reassured that the Department will not provide on to another organisation any data that can identify an individual student. The only data being collected at the school level to be reported nationally is the number of students in the school who are provided with an adjustment to address a disability; level of adjustments we provide for those students; and the broad category of disability. Consultation with parents is important not only for the data collection but also to ensure you are aware of the adjustments being provided to support your child. We will therefore continue to consult with you especially now around report card time. If you wish for your child's information not be counted then please inform our office staff this week. Alternatively, if you have any queries about the collection or use of this data I encourage you to contact me directly.

**School and community sunset safety policy:** Last week I reminded the children of the dangers of being out on the streets after the sun has set without adult supervision. Mackay police, shop keepers and parents have informed me of their concerns recently with a couple of students. I have instructed all the children it is not safe to be away from the security of home after sunset and I will keep my eye out as much as I can on my way home from work to assist all our parents keeping the children safe.

**Movie night goes ahead this Friday night:** Chappy Lyn's family movie night and entertaining games will go ahead whether it rains or not as we will be able to utilise our beautiful hall if the weather comes in keeping everyone as snug as a bug in a rug! So please invite your neighbours and extended family to join us in this wonderful family night of entertainment. Don't forget to bring your blankets, bean bag and chairs. Parents and staff will be assisting Chappy Lyn to provide hot dogs, popcorn, soft drinks and 'minute to win it' fun games commencing at 5.30pm.
